### **PART II TEACHING PLAN Introduction**

**ATTENTION:** Today is the culmination of the past several weeks of intensive study.

**MOTIVATION:** What you have learned and practiced will follow you throughout your years in school and your tenure in the Civil Air Patrol program. You have learned and will continue to learn. Every day is a learning experience.

**OVERVIEW:** During this period, you will be administered the Curry Achievement test. It consists of two parts: A written test on leadership and a practical test on drill.

**TRANSITION:** Once you have completed the written portion of your test, turn in the test and answer sheet and leave the room, but stay in the immediate area.

### **Body**

**MP 1** The instructor will issue each cadet a numbered copy of the Curry Leadership Laboratory test along with an answer sheet (CAPF 23). The cadets will be instructed to fill in the answer sheet as follows: In box 1, Last Name, First Name, MI; box 2, CAP Grade; box 3, CAP Serial Number; box 4, CAP Unit Charter Number; box 5, Date that test is taken; box 8, Test Title (such as: Curry Achievement). This is a closed-book test; therefore, no study materials may be present on the cadet's desk/table.

**MP 2** Let the testing begin.

**MP 3** Tests and answer sheets will be returned to the instructor by each cadet upon completion.

**MP 4** The tests will be graded as soon as possible. The passing score is seventy (70) percent.

**MP 5** Upon completion of written testing, the flight will be formed for the practical drill test.

**MP 6** The flight will be drilled by the instructor in accordance with the attached page, "Drill Performance Criteria." The instructor should place himself/herself in such a position as to

observe all cadets while they perform the drill movements. This is a graded performance, therefore no practice session is allowed.

**MP 7** The flight will be tested on reporting to an officer using the attached page, "Reporting to an Officer."

(**NOTE:** The instructor has the option of dividing the flight into three groups; drill one section, test the other, and report to the officer at the same time. If this is followed, a test proctor is required throughout the academic testing cycle; therefore, there is a requirement for a minimum of three instructors.)
